Hydra-Conditioner Hair

- **Biocosmetic conditioner for frequent use to deeply moisturise hair.**
- **Protects and seals the hair cuticle, maintaining optimal moisture levels and retaining nutrients.**
- **Brings back shine and softness and makes it easier to detangle hair.**
- **Makes hair more manageable and reduces frizz.**
- **Silicone-free formulation.**
- **It strengthens and increases the density of the hair shaft.**

1. INGREDIENTS:

Aqua, Cetearyl Alcohol, Dicaprylyl Ether, Alcohol Denat., Propanediol, Cetrimonium Chloride, Brassicamidopropyl Dimethylamine, Distearoylethyl Dimonium Chloride, Benzyl Alcohol, Glycerin, Hydroxyethylcellulose, Dehydroacetic Acid, Arginine, Palmaria Palmata Extract, Pentylene Glycol, Levulinic Acid, Crambe Abyssinica Seed Oil Phytosterol Esters, Guar Hydroxypropyltrimonium Chloride, Glyceryl Caprylate, Parfum, Geraniol, Citronellol.

2. PRODUCT DATA SHEET:

PH of 4.5 to 5

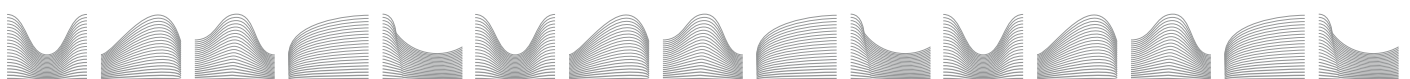

- **HYDROLYZED SILK PROTEINS:** With excellent repairing properties, moisturising and making hair soft and shiny. They prevent the cumulative effect produced by silicone, pollution, polymers, etc. associated with treatments and products (mousse, hairspray, etc.). They protect coloured hair from fading through washing.
- **RAPSEED OIL:** Cationic conditioner that makes hair feel soft and easier to detangle. From the vegetable family (broccoli, sprouts, cabbage, kale, etc), it acts as a cationic conditioner to neutralise the negative charge, reducing and getting rid of frizz.
- **ABYSSINIAN OIL:** It makes hair shiny, elastic and light. The synergistic combination of abyssinian oil and bioactive phytosterols give hair shine, elasticity, lightness and protection against external factors.

- **DENSINARIA:** Next-generation active ingredient obtained from a resilient seaweed from the oceans in the Northern Hemisphere, rich in vitamin A and C, as well as iron and iodine, and reinforced with arginine. It prevents brittleness and increases hair density at key moments such as after giving birth, menopause, stressful periods or hair damage due to inadequate brushing, exposure to heat from heated hair styling tools or technical services. It strengthens and increases the diameter of hair, obtaining a higher density.

3. AETIOLOGY:

TR10 HYDRA-CONDITIONER HAIR is a frequent-use conditioner indicated for deeply moisturising hair to make it soft and light. It makes it easier to detangle hair, prevents frizz and makes hair more manageable. Hair regains its shine, elasticity and suppleness.

It deeply moisturises dehydrated or dry hair that has lost its natural shine, looks dull and lifeless, feel rough to the touch or with ends that have been particularly damaged.

4. MECHANISMS OF ACTION:

TR10 HYDRA-CONDITIONER HAIR deeply moisturises the hair shaft. It's a balm that acts on the hair surface (cuticle), forming a protective film. It's an essential moisturising mechanism to keep hair moisturised, maintaining optimal moisture levels, bringing back shine, reducing frizz, increasing softness, making it easier to detangle hair and helping to prevent split ends.

The combination of active ingredients based on natural biocosmetics provides hair with the necessary benefits to improve its appearance.

5. HOW TO USE:

- After washing, gently towel-dry hair for TR10 HYDRA-CONDITIONER HAIR to adhere to it properly, providing it with its active ingredients and benefits.
- Place the right amount in the palm of your hand. Apply to the mid-lengths and ends; and use the fingers or a wide tooth comb to comb and spread it evenly. Leave on for 2–3 minutes and rinse with plenty of water.
- For optimal results, we recommend using it together with TR10 NATURAL BALANCING SHAMPOO. Use both as often as necessary.

6. PRESENTATION:

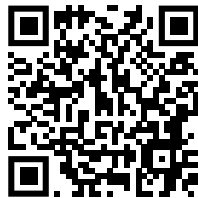

- **90 ml screen-printed tube** with flip-top cap.
- **400 ml screen-printed bottle** with a dosing pump. For professional use only.

7. WARNINGS:

Do not swallow.
Keep out of reach of children.
Shake vigorously before using.
Store in a cool, dry place.
