

-ENGLISH-

## Scalp Treatment Cream

- Scalp treatment with soothing, regenerating, moisturising, nourishing and balancing properties.
- Great anti-inflammatory properties.
- Balances the microbiome, regulates sebum production, soothes itching and lessens flaking.
- Protects the scalp from pathogenic microorganisms and pollutants.
- Keeps the scalp's pH balanced, locking in moisture.

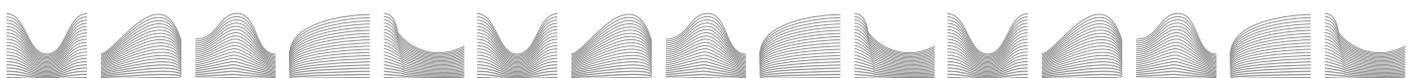

### 1. INGREDIENTS:

Aqua, Cetearyl Alcohol, Glycerin, Equisetum Arvense Extract, Isopropyl Alcohol, Bis-diglyceryl Polyacyladipate-2, Start Hydroxypropyl-trimonium Chloride, Cetrimonium Chloride, Ozonized Olea Europaea Fruit Oil, Argania Spinosa Kernel Oil, Limnanthes Alba Seed Oil, Benzyl Alcohol, Hydroxyethylcellulose, Linoleic Acid, Polyquaternium-7, Panthenol, Allantoin, Hydrolyzed Silk Pg-propyl Methylsilanediol Crosspolymer, Lactococcus Ferment Lysate, Phenoxyethanol, Arnica Montana Flower Extract, Tea-hydroiodide, Dehydroacetic Acid, Potassium Sorbate, Azelaic Acid, Calendula Officinalis Flower Extract, Hypericum Perforatum Extract, Mentha Piperita Oil, Menthol, Sodium Benzoate, Linolenic Acid, Sodium Pca, Sodium Lactate, Arginine, Aspartic Acid, Tocopherol, Pca, Glycine, Alanine, Serine, Valine, Proline, Threonine, Isoleucine, Phenylalanine, Histidine, Sodium Hyaluronate, Parfum, Geraniol, Citronellol.

### 2. PRODUCT DATA SHEET:

#### PH of 4

- **OZONIZED OLIVE OIL:** It has anti-inflammatory, antimicrobial, antioxidant and oxygenating properties. It contributes by balancing a seborrhoeic scalp and pityriasis/dandruff. It deeply cleanses the hair follicle and boosts circulation to the scalp. It keeps hair healthy and strong, preventing hair loss. Ozone promotes the activation of endogenous mechanisms, activating the basal cells that are actively involved in the recovery and regeneration of the scalp and hair, promoting cell renewal.
- **MEADOWFOAM SEED OIL:** Oil specially designed to keep the scalp moisturised. Thanks to its emollient, moisturising and antioxidant properties, it keeps the scalp nourished, supple and soft
- **ARGAN OIL:** Thanks to its omega-6 and omega-9 fatty acids, as well as vitamin E, it soothes the skin and scalp, keeping it nourished and moisturised. Its great repairing qualities stand out, helping to prevent the appearance of pityriasis and flaking conditions.
- **VITAMIN F:** Its high linoleic acid content acts as a barrier function in the scalp, retaining water in the epidermis, keeping it properly moisturised and nourished. It plays an important role, preventing skin sensitivity and reducing cell inflammation.
- **CALENDULA AND HYPERICUM EXTRACT:** They're the perfect allies thanks to their antiseptic, antimicrobial, anti-inflammatory and regenerating properties, soothing irritation and itching, and alleviating scalp redness.

- **TR10 REGENERATING COMPLEX:** Next-generation cocktail of active ingredients with regenerating, balancing, moisturising, and nourishing properties based on the most recent research findings on the scalp, hair and hair follicle. Its action is based on the following main active ingredients:

- **PRORENEW COMPLEX:** Natural and vegan probiotic active ingredient obtained through biotechnology from a lactococcus lactis lysate whose main function is to balance the skin microbiome.

- **AZELAIC ACID:** It exerts a keratolytic effect, which improves the absorption of the other active ingredients, and is a potent inhibitor of the 5α-reductase enzyme.

- **PRODEW 500:** Deeply moisturises scalp. It enhances the penetration of the other ingredients of TR10 CAPILAR SOLUTION. It's composed of the following active ingredients:

- » **ARGININE:** It's an essential amino acid that's a component of proteins, including keratin. It also has antifungal, antibacterial, healing and anti-inflammatory properties.

- » **SODIUM LACTATE:** Its main function is to keep the skin's pH balanced and to protect it from external factors such as pathogenic microorganisms and pollutants.

- » **COMBINATION OF AMINO ACIDS:** It's involved in maintaining and retaining optimal moisture levels in the scalp and hair.

- **MINT ESSENTIAL OIL:** It boosts circulation and exerts an antibacterial and antifungal effect.

- **ARNICA EXTRACT:** With its anti-inflammatory and circulatory properties, it improves scalp health.

- **TEA-HYDROIDIDE:** It exerts a powerful antifungal action against fungi that can damage the hair follicles and scalp. It's actively involved in hair growth and resistance.

- **EQUISETUM:** It has the following properties: elasticising, astringent, sebostatic, anti-radical and anti-pollution, as well as remineralising.

- **LMW (Low Molecular Weight 300 KD) HYALURONIC ACID:** Its main function is to keep skin hydrated and prevent transepidermal water loss (TEWL) thanks to its amazing capacity to retain water and maintain homeostatic balance. Thanks to its angiogenic properties, it also stimulates blood vessel growth.

- **ALPANTHA:** Natural molecule formed by a synergy blend of:

- **PANTHENOL:** It promotes cell regeneration and

locks in moisture, improving hair elasticity and softness.

- **ALLANTOIN:** It has a gentle keratolytic effect on the scalp. It maintains moisture levels. It reduces the risk of hair breakage after combing by between 30% and 40%. It repairs hair damaged by chemical and/or mechanical treatments.

- **HYDROLYZED SILK PROTEINS:** With excellent repairing properties that penetrate into the innermost layers of the skin, deeply moisturising.

### 3. MECHANISMS OF ACTION:

The biocosmetic combination composed of natural active ingredients enriched with TR10 CAPILAR SOLUTION provides the scalp with the necessary benefits to contribute to balance, stabilise inflammatory processes, reduce itching, discomfort and pain.

The symptoms of alterations caused by skin conditions are eased thanks to the synergistic combination of the TR10 CAPILAR SOLUTION regenerating complex and the other next-generation active ingredients such as ozonized olive oil, meadowfoam oil, argan oil, vitamin F, calendula and hypericum extract, panthenol and allantoin (Alpantha).

Its relevance in terms of moisturising, among its other virtues, lies in its hyaluronic acid (low molecular weight 300 kd) content. Low-molecular-weight sodium hyaluronate is essential for homeostatic balance.

The importance its anti-inflammatory and soothing effects, together with its moisturising, nourishing and repairing properties, provides important benefits to reduce the client's symptoms, thereby building their trust in the treatment.

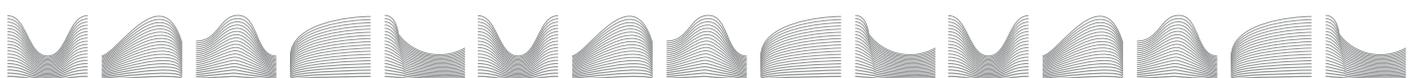

TR10 SCALP TREATMENT CREAM enhances the TR10 CAPILAR SOLUTION treatment range, making the treatments set out for each condition and their different severity levels even more effective.

### 4. HOW TO USE:

- **Professional use:** After washing with NATURAL BALANCING SHAMPOO, evenly spread throughout the affected area using a gentle massage and wrap the scalp with a towel or cling film. If the condition calls for it, use moderate indirect heat. Leave for 15-20 minutes, then rinse, preferably with warm water.

As part of treatment, in severe cases, we recommend enriching TR10 SCALP TREATMENT CREAM with TR10 POWER BOOSTERS.

Follow the recommended guidelines in the treatments set out for the different conditions. Contact the Technical Dept.

• **Home use:** After washing with NATURAL REPAIR SHAMPOO, evenly apply a thin layer throughout the affected area. We recommend using it at night. Do not rinse.

- **Mild conditions:** apply to the scalp once a day, preferably at night. Do not rinse.
- **Moderate to severe conditions:** apply to the scalp twice a day, preferably in the morning and in the evening/night. Do not rinse.
- Repeat application whenever you feel any itching or discomfort.
- We recommend using it together with TR10 NATURAL BALANCE SHAMPOO as often as necessary.
- To make it even more effective, combine the necessary dose of TR10 SCALP TREATMENT CREAM with TR10 POWER BOOSTERS. Follow the guidelines recommended by the professional.

#### 5. OTHER VIRTUES OF NOTE:

Its functions and effects are very versatile, which can be considered a tool.

#### Pre- and post-technical services:

- **Pre:** Protective function, without interfering in the action of chemicals or other cosmetic or biocosmetic products. Provided the right amount is used.
- **Post:** Used after a technical service, particularly hair colouring or lightening, it soothes, nourishes, moisturises and balances the scalp, reducing itching, discomfort and redness. After washing, evenly apply a thin layer. Do not rinse and style hair immediately.

SCALP TREATMENT CREAM is based on and formulated under the principles of **NATURAL BIOCOSMETICS**, just like all the TR10 CAPILAR SOLUTION products.

- **100% NATURAL ACTIVE INGREDIENTS.**
- **SULPHATE FREE.**
- **PARABEN FREE.**
- **COLOURANT FREE.**
- **ALLERGEN FREE.**
- **WE DON'T TEST ON ANIMALS.**
- **NEXT-GENERATION FORMULATION.**

#### 6. PRESENTATION

- **75 ml screen-printed bottle** with adjustable cap for easy application. In an individual box.
- **400 ml bottle** with dosing pump. For professional use only.
